

Molins de Rei, January 2017

Dear Sirs,

We are very glad to inform you about positive responses from our customers regarding intra-articular injections Chondrovital® sodium hyaluronate.

As an example, the medical team of Atlético Madrid reported 90% positive response among their football players in 2016. That results in the continuation of application of Chondrovital® by Atlético Madrid in 2017 for intra-articular injections in knee and hip.

Yours sincerely,
